

Ref.: 8000-0027

QF-EDGE-W

Edge glass frame white

Description

Tempered glass frame with white background for wall sockets.

It mounts on several brands of wall sockets with 55 x 55 mm centre.

Suitable for the edge of double or multiple grouped wall sockets.

Mounting instructions

Align the frame on the socket (1) and place the centre of the socket in place (2).

When mounted, the frame should have a distance of about 1 mm to the wall surface.

Removing instructions

Remove the centre of the socket: the frame will be free for removal.

Dimensions

86.0 x 78.5 x 8.5 mm
